PAPER SPECS

SAN JAMAR'S INFINITY SYSTEM®

WHAT IS IT?

An automatic transfer system that provides continual availability of paper and eliminates stub roll waste by using all the paper on the stub roll.

HOW IT WORKS:

1. Remove stub roll from roll holders
2. Insert stub roll into lower portion of dispenser
3. Place new roll above in the drive module
4. Feed paper through rollers from stub roll and from full roll (above stub roll)

SAN JAMAR'S INFINITY SYSTEM®

WHAT IS IT?

The Infinity System® provides continuous availability of tissue and prevents access to the spare roll until it is completely empty, eliminating stub roll waste..

HOW IT WORKS:

1. Insert tissue rolls into dispenser
2. Slide door to one side so only one roll is available for use
3. When first roll is gone, slide door over to allow access to second roll
