

Jet Smart Hand Dryer HEPA Filter White

Description

The Jet Smart White Hand Dryer is a premium solution for high-turnover spaces such as hotels, restaurants, shopping centres and offices. Manufactured in the EU and CE approved, it combines advanced hygiene, energy efficiency and a modern design ideal for professional environments.

Built in high-resistance ABS, it includes a drying area in antibacterial ABS with silver ions, which inhibits the growth of bacteria, fungi and mould. The powerful 540 km/h warm air curtain ensures drying in approximately 10 seconds, keeping the experience fast, comfortable and hygienic.

The model includes an **antibacterial HEPA filter** capable of removing more than 99.9% of airborne particles. These filters retain dust, mites, mould, pollen, bacteria and even viral particles, creating a cleaner and safer environment.

Main features:

- Fabricated in high-resistance ABS;
