[Altea 100L Recycling Bin](#)

- Articulated lid with integrated waste identification.
- Hinges and internal sack fixing ring in galvanized steel.
- Manufactured from 1 mm and 2 mm thick hot-dip galvanized cold-rolled steel sheets.
- Finish with thermoset polyester resin powder coating.
- **Modular:** Allows the creation of large recycling stations with bins of the same version.
- **Easy emptying system:** Ergonomic and efficient emptying system that minimizes the risk of bag rupture during removal.
- Can be fixed to the ground with 2 M6 expansion bolts (not included).
- **Accessories (not included):** Front waste stickers and screw kit to fix the bin to the ground.
- Suitable for indoor and outdoor use in normal weather conditions. For extreme weather conditions, such as high salinity, temperature, or humidity, an additional special treatment can be applied. Consult additional cost and minimum order requirements.
- **Dimensions:** 39 x 34 x 95cm (Length x Width x Height).
