

Folding Stainless Steel Hotel Goods Trolley

Description

We present the foldable goods cart, the ideal solution to facilitate the transport of luggage, F&B (food and beverages) and other bulky items in environments such as hotels, airports, warehouses and resorts. Manufactured in high quality stainless steel, this cart is resistant and durable, ensuring a long service life even under intensive use.

With **dimensions of 90 x 61 x 95 cm (length x width x height) when open**, the luggage cart offers ample space to accommodate several pieces of luggage or goods simultaneously. Its foldable design, **with only 35 cm in height (closed)**, allows easy storage and transport, making it practical for different space configurations.

It has 2 fixed wheels and 2 directional wheels of 6" (15 cm).
