

Stainless Steel Ashtray Recycling Bin with Wood Effect

Description

Keep your commercial space clean with the brushed steel ashtray recycling bin. Manufactured in stainless steel 201, this product combines durability and aesthetics, featuring a wood-look finish and brushed steel details that integrate easily into any décor.

Its **dimensions of 40 x 32 x 94 cm (length x width x height)** and a thickness of 0.8 mm ensure robustness and resistance to daily use.

The interior of the recycling bin includes a galvanised sheet metal container measuring 31 x 26 x 59 cm (length x width x height). This practical design facilitates removal and waste disposal, promoting a cleaner and more pleasant environment.

Ideal for semi-covered outdoor areas and entrance zones, the ashtray recycling bin is perfect for those seeking a
