

Micro White In Blue Colour Cm 40 With Scourer

Description

- Microfibre mop with shrinkproof Velcro support, for use with the tool with Velcro art. T0887, suitable for cleaning surfaces with medium dimensions.
- This Microfiber mop can easily be changed for each room or area, thereby reducing the risk of cross-contamination when moving from room to room.
- Each mop contains thousands of microscopic fibers, which are capable of actually removing bacteria from floors, walls and stairs - making cleaning quick, easy and effective.
- It considerably reduces the use of detergents, leaving surfaces clean without streaks.
- Use dry for dusting and damp for washing and disinfecting.
- This is a mop system used by hospitals, hotels, motels, restaurants and large commercial users worldwide.
- Absorbing power: medium
- Alkali products can damage the fibre (Washing temperature: max 90°C Mechanical force: high (thanks to its peculiar star-shaped structure it can catch dirt and hold it back)
