

Description

- Hanger made entirely from solid wood.
- Composed of two pieces cut and glued, in the shape of an obtuse angle.
- Model with clamps.
- The open rim is housed at its apex, made entirely of steel, which allows it to be anchored to the cabinet bar.
- At the bottom of the hanger there is a bar, made of steel.
- The assembled set has a natural finish that gives it adequate protection for its use.
- Dimensions: 450 x 12 x 225 mm (Length x Thickness x Height)
