

Description

Viper AS850Rs are mid-size seat washers. Operation of the AS850R is simple thanks to a safety and intuitive control panel, such as the electronic braking system integrated into the powertrain. The AS850R Viper machine is ideal for cleaning all types of floors, such as ceramic, vinyl, sealed wood, marble, cement floors, etc.

The AS850R is modern in style, compact, robust and easy to use. It is the perfect solution for washing and drying environments with intense movement of people and areas of more than 5000m², such as train stations, parking lots, shopping centers, fairgrounds, schools, hotels, public institutions and other commercial environments.

- Simple and easy to use: intuitive panel, one-touch button and machine configuration menu.
- Robust and powerful: Automatic system to raise and lower the brush or nozzle. The front bumper protects the machine and ensures a longer service life.
- Reliable and safe: automatic speed control and ergonomic seat with safety key. Nozzle suspension system integrated into the recovery tank to facilitate machine movement in tight areas.
- Compartment for cell phones and other devices, USB port that allows you to easily charge your cell phone.
- The built-in on-board charger allows you to connect and charge the battery from any outlet.
- The water tank has a large opening for easy cleaning.

Technical characteristics:

- Includes charger, batteries, brushes, support plate, PU lips and front bumper.
- Brush motor (W): 2x300
- Suction motor power (W) 500
- Battery type Empty (mm H₂O) 1800
- Sound pressure (dB (A)) 69
- Productivity (m² / h) 5130
- Cleaning range (mm) 810
- Max incline (%) 10
- Clean water / Recovery tanks (L) 120/120
- Brush diameter (mm) 406 x 2

- Brush pressure (kg) 35
- Dimensions (Length x Width x Height) (mm): 1580x890x1230
- Net Weight (kg) 230
- Maximum speed (km/h) 6
