

Description

- Electric water heater with a capacity of 30 liters
- Tripositional (vertical, horizontal wall-hung with inlet/outlet pipes on the right or inlet/outlet pipes on the left)
- Reinforced insulation,
- High energy efficiency
- Class B
- Shielded heater under cover that can be replaced without having to empty the thermos
- External temperature regulation on the front of the manhole cover
- Vitrified boiler
- Electronic magnesium anode
- Operating pilot
- Safety valve set at 10 bar supplied with the appliance
- Total guarantee: 2 years.
- Boiler warranty: 5 years
- Internal carbon steel tank.
- External body made of carbon steel sheet coated with white epoxy-polyester paint
- Top and bottom cover of external body made of ABS
- Suitable protection against corrosion.
- Voltage: 220-240V
- Frequency: 50/60 Hz
- Maximum current: 6.52 A
- Total power: 750w + 750 W.
- Electrical insulation: Class I
- Product dimensions: 395x380x548 (BottomWidthxHeight) mm
- Weight: 14.7 kg
- Protection rating: IP24
- Consumption profile: S
- Annual electricity consumption: 511 kWh / year
- Daily electricity consumption: 2.39 kWh / day
