

Description

- Sylvania E14 UVA LED Bulb 5W
- Fine thread bushing.
- UVA lamp (370 nm) with patented LED technology.
- Generates incomparable attraction, measured in the laboratory at 150% attraction of a UVA compact fluorescent lamp (CFL UVA).
- The technology allows energy savings of 75% compared to a CFL 20W UVA.
- Changing the LED lamp every 3 years generates less waste and is environmentally friendly.
- 100% fitting, connection via E14 or E27 threaded sleeve.
- It allows you to convert the insect catching devices you have already installed to LED (CB2900 - CB2901)
- Lamp power: 5W
- Voltage: 220-240V
- Power frequency: 50/60 Hz
- Wavelength: 370nm
- Lamp diameter: 45 mm
- Total length: 185mm
- Service life: +-3 years
- Soft bluish light.
- Meets RoHS regulations.
