

Description

- Lampo system device for vertical Magic trolley, including Rilsan varnished support.
- Touch-free: allows racks to be attached and detached directly to the trolley, avoiding hand contact with contaminated surfaces.
- Practical: allows all racks to be placed outside operational areas, ensuring a trolley free of obstacles that slow down operations.
- Efficient: allows even the most compact trolley to be fully equipped.
- Intuitive: easy to use, with no training required to learn how to use it.
