

Description

The Valera Excel 1800W black hair dryer with anti-theft wall mount is ideal for hotels and tourist accommodations that value security, lightness, and professional performance.

- Manufactured in Switzerland.
- Weighing just 354 g (without cable), it is one of the lightest dryers in its category.
- The powerful **1800W** motor, combined with the SECURITY heating element, ensures effective drying, with 6 temperature and airflow combinations, a cool air button (Cool), and a concentrator nozzle included for precise styling.
- The **wall mount with anti-theft system** provides maximum security in public environments, while the thermal cut-off protects against overheating.
- Also includes a removable filter and SuperFlex cord for greater comfort during use.
- Features:
 - Power: 1800W
 - Weight (without cable): 354 g
 - 6 air/temperature combinations
 - Cool air button
 - Ripple wire SECURITY heating element
 - Removable filter
 - SuperFlex cord
 - Concentrator nozzle included
 - Wall mount with anti-theft system
 - Automatic thermal protection
 - Dimensions: 26 x 8.8 x 24.3 cm (Length x Width x Height)

Hotel Rooms 

**2X Security TF****Ultra Light****Protection class**

This hair dryer is designed for use in hotel room bathrooms and is not suitable for use in locker rooms, pools, or spas. For these cases, we have other options available.
