

Description

Offer your guests a unique experience with the PSM Dental Kit + A2 Tube 5g, specially developed for hotels, resorts, and accommodations that value sustainability and comfort.

- Each kit contains 1 toothbrush made from biodegradable PSM material and 1 A2 toothpaste tube (5g), individually packed in easy-open FSC® stone paper – an innovative and eco-friendly solution.
- Key Features:
 - Contents: 1 PSM toothbrush + 1 A2 toothpaste tube (5g)
 - Packaging: Easy-open FSC® stone paper, individually sealed for maximum hygiene and protection
 - Toothbrush material: PSM (biodegradable and sustainable)
 - Quantity: Box with 500 units
 - Certification: FSC® – packaging from responsible and sustainable sources
- Sustainable Advantages:
 - Ideal for those seeking premium eco-friendly amenities. Stone paper is a recycled material derived from stone, helping reduce the consumption of natural resources.
 - The PSM toothbrushes are biodegradable, and all packaging is sealed to ensure the product has not been handled before use.
- Recommended for boutique hotels, resorts, and local accommodations aiming to provide bathroom amenities with environmental responsibility. Perfect as part of a hotel personal care kit or as a complimentary guest item.

Secure your PSM Dental Kit + A2 Tube 5g and raise your hotel's hospitality standards with sustainable hygiene products.
