

Description

The 1200W wall-mounted hair dryer is the ideal choice for hotels, local accommodations and guesthouses that value comfort, safety and organization in their bathrooms. Its elegant and functional design ensures a pleasant experience for guests while reducing the need for maintenance.

•

Benefits and main features:

- 1200W power with airflow of 71 m³/h and speed of 13 m/s, providing fast and efficient drying.
- **Two drying speeds**, adjustable to each user's preferences.
- Integrated socket (220V) for shaver, ensuring convenience and functionality.
- **White ABS body**, resistant, durable and easy to clean.
- Pistol-style design, ergonomic and intuitive.
- **IPX4 protection**, safe for use in humid environments.
- Wall-mounted installation, ideal for hospitality and accommodation spaces.
- **Dimensions: 22 x 18 x 9 cm (height x width x length).**
- **Not recommended for locker rooms, swimming pools or spas.** For those environments, consult our alternatives.
- Hair dryer with 2-year warranty, ensuring peace of mind when investing in equipment specially designed for demanding tourist environments.

Enhance the comfort and functionality of your accommodation, order the 1200W wall-mounted hair dryer with shaver socket and offer an excellent experience to your guests.
