

Description

The 10L Black Double Hotel Bucket with recycling separator is ideal for hotels, restaurants, and corporate spaces seeking efficiency and sophistication in waste management.

- Manufactured from sturdy 0.8 mm steel sheet, it features a black electrostatic polyester paint finish, ensuring durability and easy cleaning.
- The 0.4 mm decorative ring with a glossy finish and the flexible PVC base provide an elegant and modern design, suitable for professional environments.
- Dimensions: 27 x 23 cm (height x diameter) and an internal diameter of 20.5 cm
- Capacity: 10 liters.
- Includes two black separators to facilitate recycling and waste organization.
- Usage tip: clean with a cloth slightly dampened with neutral soap. Then rinse with water and dry.

It is the practical and sustainable solution to keep spaces clean and well presented.
