

Description

The 1600W white hair dryer with wall mount is the ideal choice for hotels and guest accommodations seeking practicality, safety, and energy savings.

- With its 1600W power, it ensures efficient drying for guests, combining a modern and compact design for hotel bathrooms.
- Features:
 - Safety heating element against overheating and corrugated resistance for greater durability
 - Sliding switch with 2 airflow settings and 3 temperature settings, including a cold air function
 - On/off button
 - Wall mount with automatic safety switch
 - IP20 protection class
 - 1600W power for fast drying
 - Three integrated safety levels

Easy to install and safe, it offers comfort and peace of mind to guests and efficiency to managers
