

## Description

---

The Valera Hotello Super AC 1400W White hair dryer is a wall-mounted, super compact, and powerful hair dryer, ideal for hotel rooms, gyms, and spas.

- With dimensions of just 147 x 238 mm, it easily fits into any space, offering superior performance thanks to its long-lasting universal AC motor and safety wave wire heating element.
- This compact hair dryer stands out for its powerful airflow, automatic activation when the handle is removed from the holder, and 8-minute safety timer, ensuring maximum protection and convenience for users.
- The Valera Hotello hair dryer features an extendable hose up to 1.20 m, a “cool touch” rotating handle that does not heat up, and easy wall installation without the need to open the device.
- It offers two electrical connection options (direct or with a plug), IP34 splash protection, and includes all mounting accessories.
- Features:
  - Protection class: IP34
  - Super compact: 147 x 238mm
  - Automatic 8-minute safety timer
  - Power: 1400W
  - Extra-long life universal motor
  - Also available in black

It is the perfect choice for anyone looking for an efficient, safe, and easy-to-maintain hotel hair dryer, with Swiss design and advanced technology for intensive use.
