

## Description

The Black Cairo-Type Mat is the perfect choice for hotel entrances, businesses, shops, or residential spaces that demand maximum durability.

- Made with 100% polypropylene (PP) hard fibers, this entrance mat offers superior resistance to heavy traffic, maintaining its appearance even with daily use.
- The 100% CR rubber base ensures grip and stability, preventing slipping and providing greater safety for users.
- With 1 meter width (also available in 2 meters upon request) and a thickness of 11.5 mm, the Cairo-Type Mat stands out for its robustness and ability to retain dirt, protecting interior floors.
- Available in black for a modern and discreet look, it can also be purchased in brown or beige for better adaptation to your space ([CB1877](#)).
- It is sold by the square meter, allowing customization to fit the needs of your area.

Ideal for those looking for a durable entrance mat, easy to clean, and with excellent cost-benefit, the Cairo-Type Mat is the practical solution for entrances and high-traffic areas.
