

Description

Practicality and sustainability for hotels and accommodations.

- The LULE shoe shine mitt is an essential accessory to complement hotel amenities, ensuring that guests keep their shoes always clean and shiny.
- Each unit contains 1 sealed polishing sponge, packed in easy-open FSC® stone paper packaging, made from recycled stone-derived paper, an eco-friendly and durable alternative to traditional plastic.
- With FSC® certification, this solution ensures that materials come from sustainable sources.
- The sealed packaging system guarantees hygiene and safety, protecting the product until the moment of use.
- Key features:
 - Box with 500 individually sealed units;
 - Each package contains 1 polishing sponge;
 - Easy-open FSC® stone paper packaging, recycled and sustainable;
 - Hygienic, safe, and practical product;

Ideal for hotel amenities, guesthouses, and hospitality units.

Add a useful and eco-friendly detail to your hotel with sustainable shoe shine sponges in FSC® stone paper.
