

Description

Elegance and practicality for hotel rooms and bathrooms.

The Winchester LED Table Mirror in Brushed Black offers a modern and functional design, ideal for personal care in hotels, guesthouses and spas.

- With LED lighting operated by a touch button; it provides adjustable light for makeup, shaving or daily grooming. The mirror is double-sided; with 1x and 5x magnification; perfect for tasks requiring greater precision.
- The adjustable head allows 360° rotation and tilt; ensuring user comfort. The foam-padded base protects furniture; while the durable brushed black finish adds sophistication to the space.
- It includes 4 AAA batteries for immediate use; and an auto cut-off system that switches the light off after 4 minutes; saving energy and prolonging battery life.
- Key features:
