

Description

Elegance, safety and efficiency for hotel rooms and professional spaces.

The Canterbury 0.6L Double-Wall Electric Kettle combines sophisticated British design with features that ensure comfort and safety for guests. Available in two versions: brushed stainless steel with black details or all black.

- It easily adapts to any setting, from hotel rooms to offices or reception areas.
- The silicone-insulated, double-wall body keeps the water temperature inside while reducing external heating, making it safer to use. The traditional spout, wide handle and extra-wide opening make filling, handling and cleaning easy.
- Equipped with a 360° swivel base, push-button lid, concealed heating element and integrated filter, it guarantees convenience and hygiene for everyday use.
- The Strix thermostat ensures greater durability and energy efficiency, making it ideal for intensive use in hospitality.
- Key features:
 - British design, compact and elegant;
 - Available in brushed stainless steel with black or all black;
 - Double wall with silicone insulation, enhanced thermal safety;
 - Push-button quick-open lid;
 - 360° swivel base, suitable for right- and left-handed users;
 - Concealed heating element, easy to clean;
 - Integrated filter for purer water;
 - High-quality Strix thermostat;
 - Capacity: 0.6 L;
 - Power: 1000 W;
 - Cord: 0.8 m;
 - Dimensions: 206 x 122 x 158 mm (length x width x height);
 - Weight: 0.90 kg;
 - 4-year electrical warranty;
 - Made of 304 stainless steel, corrosion-resistant and ideal for intensive use.
- Ideal applications: hotel rooms, guesthouses, meeting rooms, receptions, corporate spaces and breakfast areas.

Choose the Canterbury kettle and give your guests a touch of safety and elegance.
