

## Description

---

The Faux Leather Tissue Dispenser is the ideal solution to keep your reception area, living space, or hotel room always organized and elegant. With a modern cube design, this dispenser is made of faux leather with a sand-colored finish that perfectly suits different decoration styles.

With dimensions of **140 x 135 x 135 mm**, the dispenser is compact, allowing it to be easily positioned on tables, counters, or shelves without taking up much space. Its faux leather construction not only provides a sophisticated appearance but also ensures durability and easy cleaning, making it a practical choice for any environment.

Ideal for establishments that value presentation and convenience for their customers, the tissue dispenser provides easy access to wipes, maintaining hygiene and convenience. Invest in the quality and aesthetics of your space with the Tissue Dispenser Cube, the perfect choice to enhance your guests' experience.
