

Description

The main tray in 32x32cm synthetic leather is the ultra-compact and multifunctional solution ideal for optimizing organization and presentation in top-notch hotel units.

Manufactured with high-quality synthetic leather in elegant black, it combines durability and ease of cleaning, ensuring an impeccable appearance even with intensive use. This model allows practical integration of the tray with dividers for sugar sachets, tea, or coffee capsules ([CB1312](#)), which can be attached to any side of the main tray thanks to the exclusive magnetic click system, offering flexibility and customization according to service needs.

For those looking to maximize space without losing functionality, there is also the possibility of an ultra-compact configuration, positioning the divider tray over the main one, a perfect feature for environments with limited space.

With carefully thought-out dimensions (**32 x 0.8 x 32 cm**), this piece stands out for its versatility and sophisticated finish, ideal for the hotel sector that values quality and design.

Also available in beige ([CB1311B](#)), it comes with a 2-year warranty, reinforcing the commitment to durability and customer satisfaction.

Complementary accessories, such as kettles and cups, are sold separately, allowing complete customization of the beverage service.

This product is especially recommended for directors and procurement managers in hotels who wish to elevate the standard of presentation and organization in their hostels and local accommodations.
