

## Description

This rectangular 13-liter ashtray bin in black stainless steel is the ideal solution for indoor environments and offices, combining functionality with modern design.

Made with 0.6 mm thick stainless steel sheet, it features a black finish that ensures resistance and durability, as well as facilitating daily cleaning.

The ashtray bin is **also available in brushed stainless steel**.

The model includes an integrated ashtray, offering practicality for areas where smoking is allowed, keeping the space organized and hygienic.

With compact dimensions of **24 x 60 x 24 cm (width x height x depth)**, it easily adapts to different spaces without compromising capacity. Includes an inner metal bucket with handle, measuring 35 x 19.5 x 19.5 cm (height x length x width), for easy removal and cleaning.

Designed especially for directors and purchasing departments in the hospitality sector seeking efficient and elegant solutions to keep their environments clean, this piece combines superior quality with a discreet and professional aesthetic.
