

Description

The Outdoor Bin is the ideal solution for keeping external spaces clean and organized. Made of black painted steel this model offers durability and weather resistance ensuring a long lifespan.

With **dimensions of 40 x 90 cm (diameter x height)** and a thickness of 1.0 mm the bin was designed to integrate perfectly into outdoor areas.

The internal container in galvanized sheet has **dimensions of 32,5 x 54,5 cm (diameter x height)** and a **capacity of 45 liters** allowing efficient waste storage. Its robust structure and functional design make it a practical choice for different environments from gardens to leisure areas.

The Outdoor Bin is discreet and modern ideal for those seeking quality and efficiency in waste management in external areas.
