

## Description

The black painted steel recycling bin is the practical and resistant solution for waste collection in hotels, restaurants, offices and public spaces.

- With a compact and elegant design, this container includes a **galvanized inner bucket (24.5 x 24.5 x 57 cm)** that facilitates cleaning and bag replacement.
- The outer **structure measures 30 x 30 x 75 cm (length x width x height)**, ensuring robustness and durability even under intensive use.
- Made of high-quality steel with a painted finish, this recycling bin for hotels combines corrosion resistance with a modern aesthetic, integrating discreetly into any professional environment.
- Main features:
  - Black painted steel sheet structure;
  - Removable galvanized inner bucket;
  - White version also available: [CB6955](#);
  - Outer dimensions: **30 x 30 x 75 cm**;
  - Compact, modern and functional design;
  - Ideal for hotels, restaurants, companies and common areas.

The **standard version includes an identification vinyl of your choice (PAPER, PLASTIC or GLASS) in Portuguese and English**, without the colored background, offering a discreet and harmonious look. Two other vinyl models are also available, with a colored background or with colored upper stripes, upon request. If not specified, the recycling bin is shipped in the standard version.

This metal recycling bin is the right choice for those looking for durability and a harmonious look in their spaces.
