

Description

The black painted steel ashtray waste bin is the ideal solution to keep spaces clean and organized. With an elegant and functional design, the painted steel body ensures durability, while the 201 stainless steel lid provides a sophisticated finish.

The **dimensions of the waste bin are 25 x 61 cm (diameter x height)**, with a thickness of 0.4 mm, making it a robust and stable choice for any environment. **The galvanized sheet inner container, with dimensions of 22 x 32 cm (diameter x height), has a capacity of 10 liters**, allowing efficient waste storage.

With its black color, the black ashtray waste bin integrates perfectly into the aesthetics of different spaces. Ideal for outdoor areas, this waste bin is a practical and modern addition that contributes to maintaining cleanliness and organization.
