

## Description

This iron luggage cart combines robustness and style, ideal for hotels and resorts that value functionality paired with modern design.

With a sturdy structure made of iron plates, it features an integrated coat hook, providing practicality for the team during luggage transport. The rustic oak shelf offers an elegant contrast to the dark colour of the structure, while the perimeter covered with impact-absorbing rubber pads protects against accidental bumps.

Equipped with two fixed wheels and two swivel wheels, it ensures easy mobility and stability. Available in industrial steel finish or customised paint in APIR colours or any RAL shade, it adapts perfectly to your space's décor.

Measuring **172 x 61 x 117 cm (height x width x depth)** and weighing 79 kg, this cart combines durability with sophisticated design to enhance service and elevate your guests' experience.
