

Description

Discover the digital scale ideal for hotels local accommodations and spas that seek to combine sustainability design and precision. This scale stands out for the **innovative Push Power technology** which eliminates the need for batteries operating **ecologically** through the energy generated when pressing the central button.

With a compact and durable design it features 5 mm tempered safety glass that ensures resistance and easy cleaning essential for maintaining hygiene in the most demanding environments. Its smooth seamless body provides comfort and prevents dirt buildup making daily maintenance easier.

The large clear **LCD display** offers accurate and precise readings with a **capacity of up to 180 kg** and 100 g precision ideal for meeting your guests needs with confidence. In addition it includes low battery and overload indicators ensuring greater safety and durability.

Manufactured in white with **dimensions of 32 x 26 x 3 cm (width x depth x height)** and a light weight of 1.38 kg this scale is practical for any space.

Available in black: [CB2837](#)

The 2 year warranty reinforces the quality and reliability of this essential equipment for hospitality environments that value technology and environmental responsibility.
