

Description

Wall mount designed for fixing barrier tapes, ideal for organizing queues and delimiting areas in hotels, receptions, events and commercial spaces. A discreet and functional solution for efficient flow management.

Made of black ABS plastic, it offers good resistance to daily use and easy integration into different environments. It allows simple wall installation, adapting to different fixing methods depending on the needs of the space.

- **Technical features:**

- Material: ABS plastic;
- Dimensions: 40 x 80 x 4 mm (length x height x depth);
- Compatible with wall-mounted barrier tapes;
- Supplied with screw and wall plugs for fixing;
- Alternative fixing options with double-sided tape or liquid nails.

Ensure a practical and discreet solution for space organization and access control.
