

Description

The EVO-JET hand dryer in gloss black finish combines high performance with a modern design, making it a suitable choice for high-traffic bathrooms in hotels, restaurants, offices and public spaces.

Equipped with an infrared sensor, it ensures fully automatic and touch-free operation, reinforcing hygiene standards. The high-speed motor and powerful airflow allow fast and efficient drying in just a few seconds, improving the user experience.

The ABS structure ensures resistance to continuous use and easy cleaning, while the removable HEPA filter helps retain particles and contaminants, providing cleaner air during drying. The removable water tank simplifies maintenance and prevents residue buildup.

With a robust and safe construction, without dangerous edges, it is a reliable solution for demanding environments. Wall installation helps optimize space and keep the area organized.

- **Technical features:**

- Material: ABS and AISI 304 stainless steel
- Finish: gloss black
- Removable HEPA filter
- Water tank capacity: 450 ml
- Dimensions: 66.5 x 29.7 x 19.6 cm (height x width x depth)
- Drying time: 7 to 9 seconds

An efficient and durable solution to ensure hygiene and comfort in professional sanitary facilities.
