

Description

The 135° angled grab bar in black finish combines safety, durability and modern design for accessible bathrooms in hotels, restaurants, clinics and nursing homes.

Made of AISI 304 stainless steel, it ensures high durability and corrosion resistance in humid environments. The angled design provides additional support in shower areas, toilets and sinks, contributing to greater user stability.

- **Main features:**

- Fixed angled grab bar;
- AISI 304 stainless steel;
- Black finish;
- 135° angle;
- Ø32 mm tube;
- Dimensions: 46.9 x 19.4 x 8 cm (width x height x depth);
- Two fixing points;
- Includes fixing kit.

A functional solution for accessibility projects with a modern and professional appearance.
