

## Description

Professional housekeeping trolley designed for the daily cleaning and preparation of hotel rooms. Featuring a robust aluminium, ABS, and powder-coated steel structure, it combines durability, easy maintenance, and a functional design tailored to the demands of modern hospitality operations. The open-front configuration provides quick access to supplies, while the two height-adjustable shelves, storage drawer, and two foldable bag holders with lids ensure efficient organization. Heavy-duty wheels offer excellent mobility and maneuverability, even under intensive use. Compatible with a range of optional accessories, allowing for a customized configuration to meet operational requirements.
